Initial Assessments

Prior to enrolment, you will be required to complete initial assessments in English and maths to determine the level you are currently working towards. If you are currently employed within a job role which supports the course curriculum, you will be required to complete an entry assessment form to confirm job suitability. If you are applying for an apprenticeship role sourced by us, this will be completed by our team.

On-programme Learning

Throughout the duration of the course, you will be supported by your employer and Apprenticeship Connect tutor to develop the competencies necessary to become a certified recruitment professional. On-programme learning will include the teaching needed to help you develop the knowledge, skills and behaviours outlined within the apprenticeship standard. Where necessary, you will also be supported to pass Functional Skills at the level stated within the course outline.

Gateway

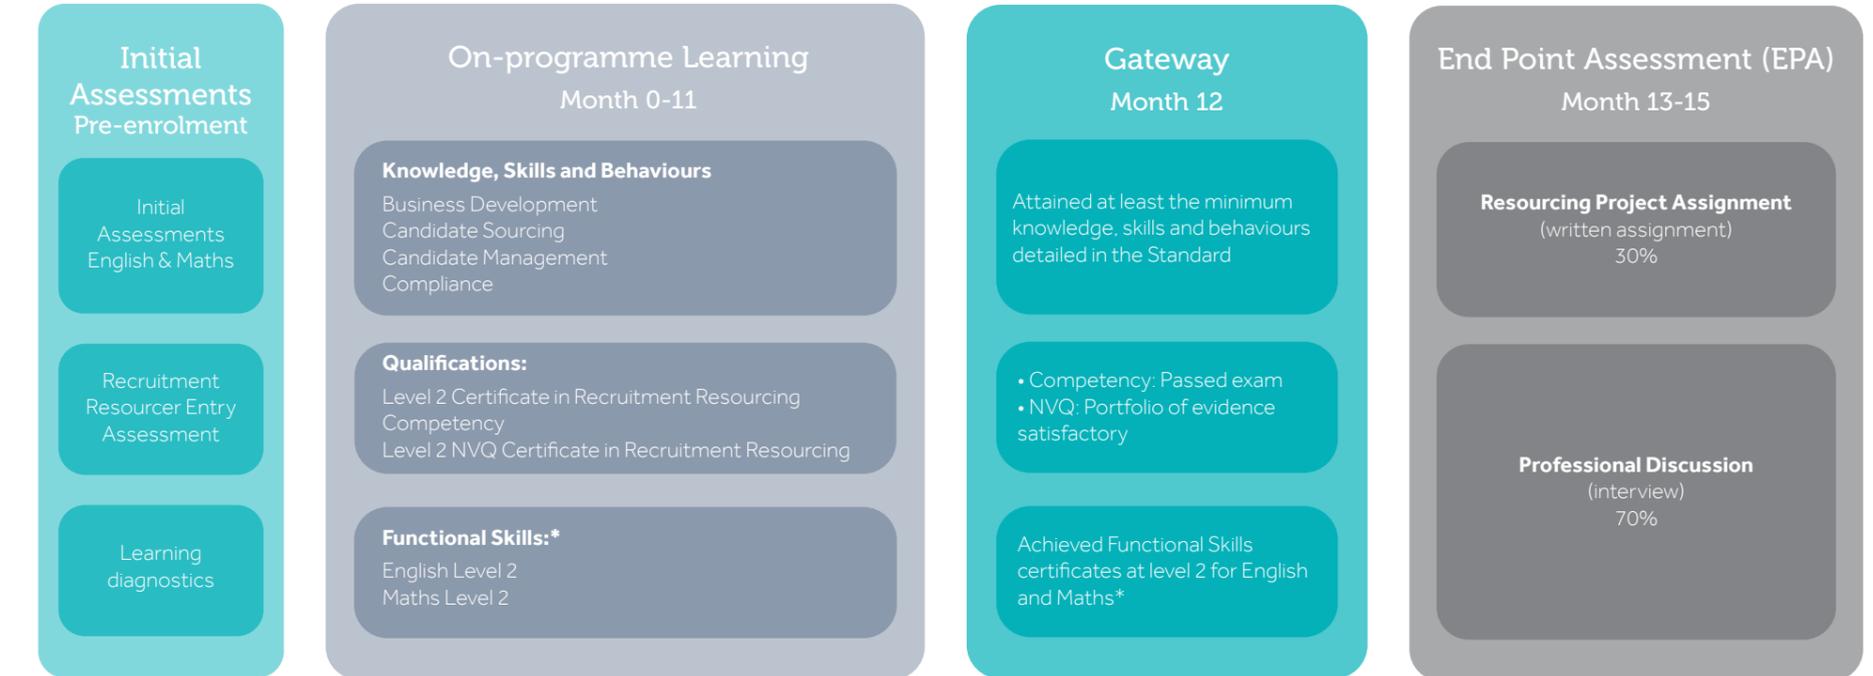

Before you are able to progress to your End Point Assessment, your tutor and employer will make the necessary checks to ensure you have gained the knowledge, skills and behaviours required to complete your course.

End Point Assessment (EPA)

All apprenticeship standards contain compulsory End Point Assessments which a learner must pass in order to achieve their completion certificate. The EPA takes place once you have completed your on-programme learning and you have successfully met the criteria outlined within the Gateway.

Course outline

The Recruitment Resourcer Level 2 course is delivered over 15 months. At the end of month 12, we allow a three-month period for learners to prepare for and sit their End Point Assessment.

*If you have already achieved GCSE grade C/grade 4 or above in English and maths, or equivalent, you may be exempt from this element of the syllabus.

Course delivery

20% off-the-job training

Throughout the duration of your course you will spend a minimum of 20% of your contracted working hours studying for your apprenticeship. The focus of off-the-job training is to teach you a variety of new skills specifically related to your job role, rather than assess your existing skills and ability to complete work related tasks. This will be a combination of tutor delivery, employer support and tutor guided independent study.

Digital resources

When studying at Apprenticeship Connect, you will be provided access to digital resources for the course you are studying. Our virtual learning system allows 24/7 access to syllabus information, learning aids, online assignment submission and a messaging platform to contact your tutor should you require additional support.

We provide additional support to learners with learning difficulties and those with physical disabilities. We can provide resources such as a scribe or large-print documents, and can facilitate other reasonable adjustments to ensure that an individual with learning difficulties or a physical disability is not at a disadvantage when completing their course.

All time spent studying will be recorded within your personal training diary and your progress will be frequently monitored to ensure you are on track. The time you will need to spend studying is calculated using the following formula:

Total hours required =

(contracted working hours per week x programme duration (in weeks)) x 0.2

FAQs

Do I have to be in full-time employment to enrol onto this course?

In order to enrol onto one of our courses, you must be employed a minimum of 30 hours per week. If you are not already employed in a role that meets our entry requirements, we will work with you to find a suitable role that supports your career aspirations.

Will I be entitled to paid annual leave whilst studying?

Throughout your programme you will be entitled to the same statutory leave entitlement and have the same right to Statutory Sick Pay (SSP) as other employees. To calculate your statutory leave entitlement please visit www.gov.uk/holiday-entitlement-rights.

If I apply for a job vacancy as part of my course how much will I be paid?

Each vacancy we advertise is different and the salary you receive will be dependent on the employer, role and industry you apply for. The roles we advertise are apprentice positions, however, we encourage our employers to pay above the NMW for apprentices and many of our positions include performance-related incentives. Further guidance on the NMW for apprentices can be found online at www.gov.uk/national-minimum-wage-rates.

What happens if my employer doesn't allow me time to study?

All employers are legally required by the UK Government to allow you 20% of your contracted working hours to study towards your course. If you are having difficulties with your employer, please speak to your Apprenticeship Connect tutor.

Your tutor will be closely monitoring your progress with regular reviews to ensure you are on track. If at any point your development is not where it should be, your tutor and employer will work with you to update your individual learning plan and ensure you get up to speed.

What happens when I finish my course?

At the end of your course, if we have placed you into your role, your employer will decide whether they will continue to employ you as a full-time member of staff and you'll have the opportunity to decide which steps you take next. Your tutor will talk to you about career progression and you may also wish to progress onto a further training course with Apprenticeship Connect.
