Apprenticeship courses are developed by trailblazer groups made up of a minimum of 10 employers as well as professional bodies and trade associations, ensuring you study a curriculum that is tailored to a real-world job role. All our courses are approved by the Institute for Apprenticeships and Technical Education (IFATE) and our curriculums are developed with consideration of industry leading awarding body standards, guaranteeing you work towards an approved, professional certificate that is highly relevant in your chosen industry. Course structure

All our courses follow a four-stage structure that includes entry assessments, course delivery, checking progress and assessing development. These stages are:

Initial Assessments

Prior to enrolment, you will be required to complete initial assessments in English and maths to determine the level you are currently working towards. If you are currently employed within a job role which supports the course curriculum, you will be required to complete an entry assessment form to confirm job suitability. If you are applying for an apprenticeship role sourced by us, this will be completed by our team.

On-programme Learning

Throughout the duration of the course, you will be supported by your employer and Apprenticeship Connect tutor to develop the competencies necessary to become a certified administration professional. On-programme learning will include the teaching needed to help you develop the knowledge, skills and behaviours outlined within the apprenticeship standard. Where necessary, you will also be supported to pass Functional Skills at the level stated within the course outline.

Gateway

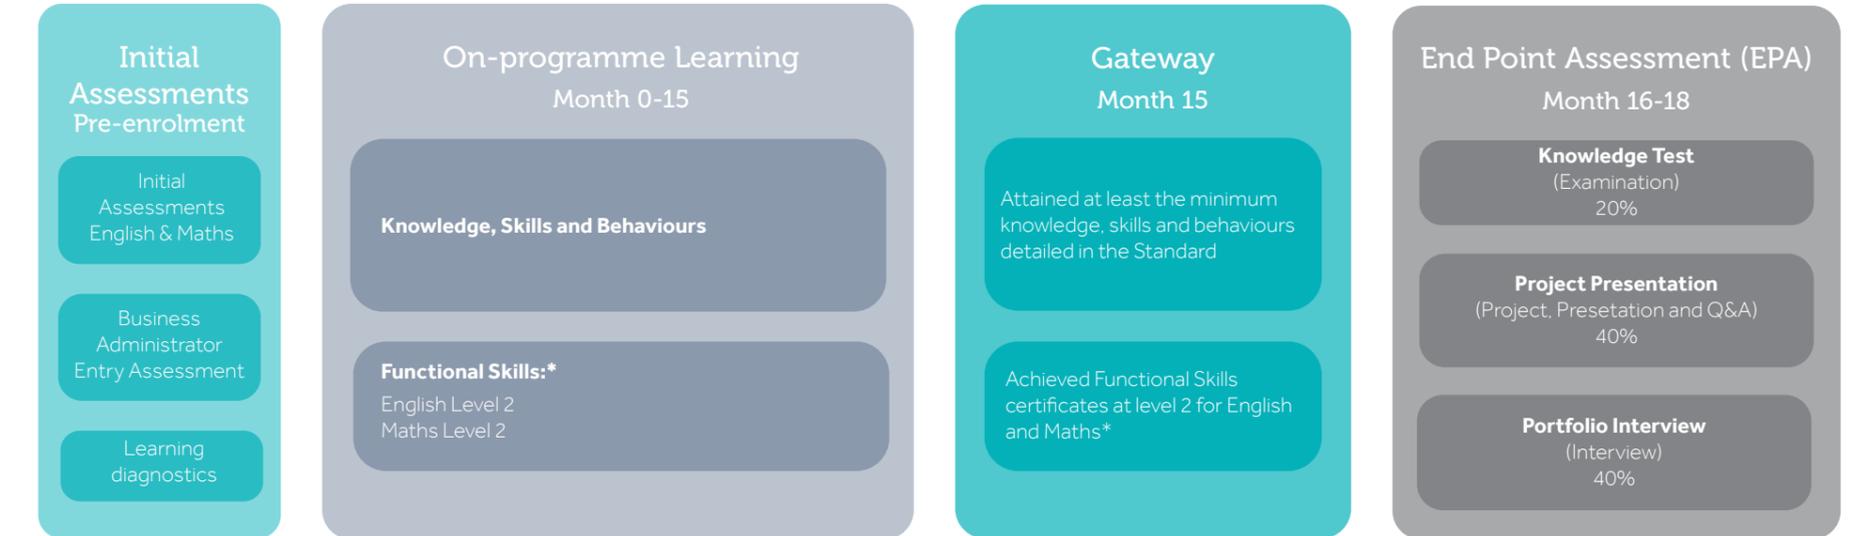

Before you are able to progress to your end point assessment, your tutor and employer will make the necessary checks to ensure you have gained the knowledge, skills and behaviours required to complete your course.

End Point Assessment (EPA)

All apprenticeship standards contain compulsory end point assessments which a learner must pass in order to achieve their completion certificate. The EPA takes place once you have completed your on-programme learning and you have successfully met the criteria outlined within the gateway.

Course outline

The Business Administrator Level 3 course is delivered over 18 months. At the end of month 15, we allow a three-month period for learners to prepare for and sit their EPA.

**If you have already achieved GCSE grade C/grade 4 or above in English and maths, or equivalent, you may be exempt from this element of the syllabus.*

Course contents

The Business Administrator Level 3 course teaches learners the knowledge, skills and behaviours (KSBs) outlined within the apprenticeship standard. These learning outcomes will be assessed within your end point assessment. The KSBs listed are all mandatory learning outcomes and your on-programme learning will be centred around these areas of development.

FAQs

Do I have to be in full-time employment to enrol onto this course?

In order to enrol onto one of our courses, you must be employed a minimum of 30 hours per week. If you are not already employed in a role that meets our entry requirements, we will work with you to find a suitable role that supports your career aspirations.

Will I be entitled to paid annual leave whilst studying?

Throughout your programme you will be entitled to the same statutory leave entitlement and have the same right to Statutory Sick Pay (SSP) as other employees. To calculate your statutory leave entitlement please visit www.gov.uk/holiday-entitlement-rights.

If I apply for a job vacancy as part of my course how much will I be paid?

Each vacancy we advertise is different and the salary you receive will be dependent on the employer, role and industry you apply for. The roles we advertise are apprentice positions, however, we encourage our employers to pay above the NMW for apprentices and many of our positions include performance-related incentives. Further guidance on the NMW for apprentices can be found online at www.gov.uk/national-minimum-wage-rates.

What happens if my employer doesn't allow me time to study?

All employers are legally required by the UK Government to allow you 20% of your contracted working hours to study towards your course. If you are having difficulties with your employer, please speak to your Apprenticeship Connect tutor.

What happens if I fall behind?

Your tutor will be closely monitoring your progress with regular reviews to ensure you are on track. If at any point your development is not where it should be, your tutor and employer will work with you to update your individual learning plan and ensure you get up to speed.

What happens when I finish my course?

At the end of your course, if we have placed you into your role, your employer will decide whether they will continue to employ you as a full-time member of staff and you'll have the opportunity to decide which steps you take next. Your tutor will talk to you about career progression and you may also wish to progress onto a further training course with Apprenticeship Connect.
